2015 EDUCATION CAREER FAIR

February 2nd, 10am - 2pm
Shatner Ballroom, SSMU
Welcome Message

Dear Students,

On behalf of the McGill Education Undergraduate Society (EdUS), the Education Career Service and the McGill Career Planning Services (CaPS), it is our pleasure to welcome you to the McGill University’s 24th Annual Education Career Fair. It is our hope that you use this opportunity to make quality contacts that will benefit you in your future careers and give you a better understanding of what is out there to be discovered.

In this booklet, you will find useful information pertaining to all the school boards, educational organizations and education-related companies that are participating in the 2015 fair; it is both your guide to the fair, as well as a reference manual for your future job search. At this time, we would like to thank everyone who has helped to make this event possible. First we extend our sincere appreciation to Josie Capizzi, Jean Hepworth, and the entire CaPS staff, each of whom has contributed to its success. We wish to thank all of the members of EdUS, as well as the many students who have given their time to volunteer for the fair.

To the McGill Education students who will be graduating this year, we congratulate you and wish you the best of luck in your future endeavors. For those who are not graduating, may you continue to grow and reach out into the world by using this and other similar resources. We hope this event serves you well and that through it you may find many opportunities to expand your network.

Warmly,

Brennan McCambley & Taylor Lowery

Cree School Board / Commission Scolaire Crie

The Cree School Board has the exclusive mandate to provide pre-school, elementary, secondary and adult education to the James Bay Cree population. It also has the mandate to develop programs and pedagogical material in Cree, French and English following QEP (Quebec Education Plan) guidelines. The Board also funds post-secondary education. The School Board is trilingual. There are three language sectors in most of our schools. Cree language and culture are taught at all levels. In most of the schools the students are immersed in English or in French from Grade one on. Our Board follows the programs outlined in the QEP. Cree language and culture programs are also developed following QEP guidelines. English is the working language for the Cree School Board. The School Board seeks qualified elementary, secondary and adult education teachers open to discovering a unique way of living, a new way of teaching, and the natural beauty of James Bay.

**Ecole Montessori de Montreal**

“The Happy Child at School”

Founded in 1960, our school was the first in Montreal to offer a Montessori based education in an organized and stimulating environment for children of preschool age. The school moved to its current location in 1972. Since then, major renovations have been carried out in every classroom and area of the school, with the purpose of improving the children’s overall environment. In September 2007, a new building was constructed next to the preschool for the addition of the three cycles of elementary school. This part of the school now offers an enriched and trilingual program to students from kindergarten to grade 6.

Our mission at Montessori School of Montreal is for our students to succeed academically, socially, and physically. Our teachers are passionate about knowledge and education, and strive to challenge each student to reach their full potential. Our programs favor the overall development of the child and their unique qualities, while emphasizing honesty, compassion, and perseverance.”

Edvectus

The mission of Edvectus is found in two Latin words that combine to make its name- “Educo” - meaning to educate, and “Advectus” - meaning transportation afar.

Edvectus is a friendly, innovative company that combines international teacher recruitment with a learning portal for teachers who wish to improve their teaching skills, enhance their knowledge of international curricula and their knowledge of working abroad.

As an international teaching agency, we specialise in matching internationally minded qualified teachers with appropriate internationally based schools and our unique approach allows our candidates to access carefully developed and moderated online training that will enable them to land their dream jobs abroad. At the same time our clients minimise their risk by hiring teachers who are qualified, screened, trained and informed about their school, their region and the challenges of working abroad.

Our consultants are ex-teachers with international experience and our Learning Portal is a valuable tool that is free to our registered candidates.

English Montreal School Board (EMSB)
Commission scolaire English-Montréal (CSEM)

About us

The English Montreal School Board (EMSB) was formed, on July 1, 1998, as an amalgamation of the English Sectors of the Protestant School Board of Greater Montreal, the Commission des Écoles Catholiques de Montreal (CECM), the Commission Scolaire Jerome Le-Royer and the Commission Scolaire Sainte-Croix.

Our network consists of 35 elementary schools, 18 secondary schools, 9 outreach schools 8 social affairs schools and 12 adult and vocational centres.

The mission of the English Montreal School Board is to support its schools and centres in their efforts to educate students within a caring, safe and inclusive learn-
La Fédération des établissements d’enseignement privés regroupe 190 établissements répartis sur l’ensemble du territoire québécois. Ces établissements dispensent des services à plus de 110 000 élèves de l’éducation préscolaire et de l’enseignement primaire et secondaire, soit environ 12% des effectifs scolaires québécois.

La très grande majorité des établissements privés, contrairement à ce que l’appellation privée laisse croire, sont en fait des organismes à but non lucratif qui appartiennent à la communauté civile. Certains sont des coopératives de parents ou d’enseignants.

Parmi ses membres, la Fédération compte 12 établissements qui offrent exclusivement des services en adaptation scolaire à des élèves handicapés ou en difficulté d’adaptation et d’apprentissage. La Fédération compte aussi 17 établissements qui possèdent une résidence scolaire.

Reconnue pour son autonomie et sa capacité à innover, l’école privée offre une série de programmes et de mesures pour accueillir des élèves aux profils variés et de différents milieux socio-économiques pour les amener à la réussite.

ITN Mark Education

ITN Mark Education is looking for outstanding teachers who want to begin their career in education within one of our schools in the UK. ITN Mark has set the standard for teaching and education recruitment for over 15 years. As one of the UK’s largest education recruitment agencies, we pride ourselves on providing a unique quality of service. This year ITN Mark has partnered with the United Learning group of schools, which aims to provide excellent education to children and young people across the country. We seek to improve the life chances of all the children and young people we serve and make it our mission to bring out ‘the best in everyone’ – students, staff, parents and the community. Through being a group, we can offer more to prospective teachers and staff than any single school could offer alone. We make it a priority to provide teachers with excellent professional support and development. If this sounds like an experience you would be interested we want to hear from you!

Kahnawake Education Center

The Kahnawake Education Center (an independent First Nations school board), administers and operates 3 community schools: Karonhianonhnha School (Mohawk Immersion elementary school), Kateri Tekakwitha School (elementary school) and the Kahnawake Survival School (high school). The Center also administers all programs and services for students attending elementary schools, secondary schools and special institutions in the greater Montreal area as well as all students attending post-secondary institutions in Canada and the U.S.

Our schools offer teaching and support staff a dynamic work environment that promotes and supports innovative teaching methodologies in addition to low student-teacher ratios on average of 15-1. We provide on-site professional development in order to ensure that teachers are equipped with research based practices for their classrooms. We invite teaching professionals who can differentiate learning within our classrooms since a large majority of our students learn best within an innovative classroom with hands-on, experiential learning practices.

The New England Center for Children was founded in 1975 and is located in Southboro, MA, 20 miles west of Boston. NECC’s primary mission is to increase the skills of children, adolescents and young adults with autism and other developmental disorders through the use of applied behavior analysis (ABA). Serving over 200 children and young adults, NECC provides comprehensive educational, residential and clinical services in a variety of day and residential treatment programs.

Many of our students, particularly those in our residential programs, display intense, chronic or seriously interfering behaviors including aggression, property destruction, and self-injury. The overriding goal is to help these students decrease their interfering behaviors and increase their ability to function independently. Toward these ends, we provide comprehensive assessment, individualized ABA programming, speech and language training, academic instruction, community-based activities, health care, and student employment.
